MEMORANDUM FOR THE RECORD

The attached memo from OPM was discussed with George Bower this date. In that conversation, I reminded Mr. Bower that we had discussed the 27 January 1983 letter with respect to reporting requirements for FEHBP activities. At the time of the original letter, it was agreed that there would be no action required on the part of this Agency or GEHA. In today's conversation, Mr. Bower confirmed that that still was the agreement. He stated that this letter was sent as part of a mass mailing to various plans and that again there is no action required on our part.
